

## LOW SUGAR MOLASSED CHAFF

Available in 12.5kg packs

### ANALYSIS OF FEED:

• Protein	6.5%
• Oil	0.6%
• Fibre	26.0%
• Ash	12.0%
• Moisture	24.0%

### INGREDIENTS:

- Wheat Straw
- Cane Molasses
- Calcium Carbonate

Low sugar Molassed Chaff is made using the finest quality dust extracted wheat straw. Specially formulated to provide a quality fibre source to add to and complement concentrate rations for horses and ponies. Improved recipe, with added limestone, provides supplementary essential calcium for strong bones and healthy growth.

Made with a low sugar blend of molasses, which coats every particle, provides a quality non sticky, palatable Molassed Chaff.
