Wheat	Barley
Wheatfeed	Calcium Carbonate
Wheat Flour	Vegetable Oil
Rape Seed Ext	Dicalcium Phosphate
Soya Bean Dehulled Ext	Salt
Biscuit Meal	Lysine
Sunflower Seed Ext	Vitamins & Minerals
Molasses	

Growers Sow Nuts (6mm diameter) are a high energy, general purpose feed for sows, combining high levels of cereals with protein sources (including Soya). This diet is ideal for feeding during lactation as the balance of energy and protein will promote milk production. It may also be fed at a restricted level during gestation to supply the energy level required for successful breeding.

Analysis and raw material list are correct at time of printing but may change without notice.
