Growers Store Lamb Nuts (6mm diameter) contain several features which promote successful and profitable lamb feeding

- Balanced levels of protein and energy for lean tissue growth
- Highly palatable to promote early intake
- High digestible fibre content to develop a stable digestive system
- Balanced mineral content

Store Lamb Nuts may be introduced over a short period of time. This feed may be rationed or offered ad-libitum depending on the speed of finish required.

Analysis and raw material list are correct at time of printing but may change without notice.
