Magnesium	0.5%
Salt	53.5%

This is a highly palatable salt block specifically formulated for cattle. Fully weather resistant with a central hole for convenient tying and hanging, this salt block offers a palatable method of supplementing trace elements and salt. With added phosphorous, this salt block is ideally suited to all cattle systems, especially those on lower buffer feeding levels.

Growers High Phos Salt Block should be available, with a continual supply of clean, fresh water.

DIRECTIONS FOR USE:

Cattle should be fed Growers high phos salt block at the following rate:

Cattle: 50 – 70 grams/head/day

DO NOT FEED TO SHEEP
