GAME & COMPETITION

CWG can supply, by order, a range of game and competition shooting ammunition at an economical price. Performance standards are high and extremely good value for money.

COUNTRY CHOICE

Country Choice cartridges have been specially formulated on our behalf (by Eley Hawk) to provide the game or competition shooter with the finest cartridges at affordable prices. Uncompromising in quality, these cartridges use the finest components to ensure the optimum performance at whatever discipline you (the shooter) take part in.

The bespoke propellant used in Country Choice cartridges ensures the ballistics of the cartridge are matched to provide the perfect results at the most extreme of ranges ensuring a hit time after time!

The Country Choice range of ammunition is available from 28gm to 32gm in popular sizes, with a fibre wad.

Country Choice is the competitive lifestyle brand from CWG – premium products for country living!

TRADITIONAL GAME

Eley Hawk is synonymous with the traditional Game Cartridge. Nearly two centuries of experience in the development of traditional English Game Cartridges means that Eley is the cartridge manufacturer most associated with the pursuit of game shooting. CWG offers a small range suited to the finest of English guns for the game shooting enthusiast, in various sizes and weights.

HIGH PERFORMANCE GAME - VIP

VIP 12 / 16 / 20 BORE

The VIP range of Eley high performance Game Cartridges evolved from the highly successful range of VIP trap ammunition. With speeds matching that of the best, the VIP range of Hunting ammunition has earned a reputation of being one of the most effective game cartridges available to today's modern game shooter. Top quality perfectly matched components coupled with Eley's expert knowledge creates one of the hardest hitting performance range of game ammunition currently available on the market today.

Available in a fibre wad in 12, 16 and 20 gauge there is a cartridge to suit every application. True performance for the game shooter time after time!
